BEHAVIOURAL PROCESSES

Contents of Volume 38

Research Papers

C.M.S. Plowright (Canada)
Simultaneous processing of short delays and higher order temporal intervals within a session by pigeons 1

J. Engel (Germany)
Choosing an appropriate sample interval for instantaneous sampling 11

K.M. Kendrick, K. Atkins, M.R. Hinton, P. Heavens and B. Keverne (UK)
Are faces special for sheep? Evidence from facial and object discrimination learning tests showing effects of inversion and social familiarity 19

M.F. Bouissou, R.H. Porter, L. Boyle and G. Ferreira (France)
Influence of a conspecific image of own vs. different breed on fear reactions of ewes 37

G. Brand (France)
Depressive illness and behavioral modifications in children. The study of head and trunk mobility 45

H.S. Van Kampen and G.J. De Vos (Netherlands)
Familiarity interferes with filial imprinting 55

D.M. Wilkie, J.A.R. Carr, J. Galloway, K.J. Parker and A. Yamamoto (Canada)
Some characteristics of spatial associative memory in the pigeon, *Columba livia* 67

D.M. Wilkie, J.A.R. Carr, A. Siegenthaler, B. Lenger, M. Liu and M. Kwok (Canada)
Field observations of time-place behaviour in scavenging birds 77

C.L. Melville and J.N. Weatherly (USA)
Within-session patterns of responding when rats run in a T-maze 89

Book Review 103

Research Papers

P.J. McLeod (Canada)
Developmental changes in associations among timber wolf (*Canis lupus*) postures 105

C.D.L. Wynne (Australia)
Transverse patterning in pigeons 119

R. Bon and R. Campan (Brazil, France)
Unexplained sexual segregation in polygamous ungulates: a defense of an ontogenetic approach 131

Short Report

C. San José, S. Lovari and N. Ferrari (Italy)
Temporal evolution of vigilance in roe deer 155

Bioacoustics Section
Papers based on contributions to the Bioacoustics Workshop 'Numerical Methods for the Study of Vocalization in Animals and Man' (Merbitz, Germany, 1995).

M. Naguib (USA)
Auditory distance estimation in song birds: Implications, methodologies and perspectives 163

H. Slabbekoorn and C. Ten Cate (Netherlands)
Responses of collared doves to playback of coos 169

H. Hultsch and D. Todt (Germany)
Rules of parameter variation in homotype series of birdsong can indicate a 'sollwert' significance 175

S. Geiss and L. Schrader (Germany)
Temporal and structural features of infant calls in relation to caregiving behaviour in common marmosets, *Callithrix j. jacchus* 183

P. Koene (The Netherlands)
Temporal structure of red jungle fowl crow sequences: single-case analysis 193

Editorial 203

M. Jitsumori and O. Ohkubo (Japan)
Orientation discrimination and categorization of photographs of natural objects by pigeons 205

S. Cloutier, J.P. Beaugrand and P.C. Laguë (Canada)
The role of individual differences and patterns of resolution in the formation of dominance orders in domestic hen triads 227

M.-E. Hogue, J.P. Beaugrand and P.C. Laguë (Canada)
Coherent use of information by hens observing their former dominant defeating or being defeated by a stranger 241

J.C. Rau, L.D. Pickering and A.P. McLean (New Zealand)
Resistance to change as a function of concurrent reinforcer magnitude 253

M.A. McDevitt and E. Fantino (USA)
Visual stimulus compounding with pigeons 265

C.M.S. Plowright and D. Redmond (Canada)
The effect of competition on choice by pigeons: foraging rate, resource availability and learning 277

J.P. Beaugrand and P.-A. Cotnoir (Canada)
The role of individual differences in the formation of triadic dominance orders of male green swordtail fish (*Xiphophorus helleri*) 287

R. Cammaerts (Belgium)
Factors affecting the regurgitation behaviour of the ant *Lasius flavus* (Formicidae) to the guest beetle *Claviger testaceus* (Pselaphidae) 297
